Associate Professor/Full Professor

Title

Professor/Associate Professor - Division of Cardiothoracic Surgery

Position Description

The Division of Cardiothoracic Surgery at Washington University School of Medicine in St. Louis is seeking a General Thoracic Surgeon to join our nationally recognized program. New graduates are welcome to apply.

Job Details

- The primary focus of this position will be clinical activities spanning the breadth of general thoracic surgery.
- With our program covering multiple facilities, this position will provide clinical care primarily at one affiliate location with secondary responsibilities at other locations (including Barnes Jewish Hospital), if needed. The affiliate location has an established Cardiothoracic surgery program.
- An important part of the position will be a leadership role representing the Division of Cardiothoracic Surgery in the lung cancer screening programs across the entire Barnes Jewish Corporation healthcare system.
- Academic rank and salary commensurate with experience.
- Opportunity to participate in the lung transplant program if interested

Benefits

- Competitive salary and benefits package

- Health, dental, and vision insurance
- Retirement plan options
- Generous paid time off (PTO) and holidays
- Professional development and continuing education support
- Collaborative work environment
- Opportunities for research, teaching, and leadership roles

The St. Louis region

St. Louis is a vibrant and growing metropolitan area offering an exceptional quality of life. Known for its rich history, diverse culture, and friendly community, the region boasts a low cost of living, excellent schools, and a wealth of recreational activities. From the iconic Gateway Arch to world-class museums, theaters, and sports teams, St. Louis offers something for everyone. Whether you enjoy outdoor adventures, fine dining, or family-friendly events, you'll find a welcoming environment with ample opportunities to thrive professionally and personally. Join us in this dynamic city, where work-life balance and a strong sense of community come together.

Basic Qualifications

- Completion of an ACGME Thoracic Surgery Fellowship Program
- Candidates must be board-certified or board-eligible
- Ability to obtain Missouri license
- Minimally invasive or robotic surgery skills in general thoracic surgery

Special Instructions
