## St. Clair Medical Group - Thoracic Surgery

### Job Opportunity

St. Clair health is a nationally recognized independent 329 bed acute care medical center that provides advanced, high-quality health care serving 500,000 residents of southwestern Pennsylvania. It encompasses St. Clair Hospital; St. Clair Medical Group; St. Clair Health Foundation; and other related entities.

St. Clair Health Thoracic Surgery team is seeking a second general thoracic surgeon to expand our program. The applicant must have expertise in all facets of general thoracic surgery.

### Job Details

- The applicant will be a member of the St. Clair medical group.
- Guaranteed base salary and bonuses are available.
- Patient care is provided at St. Clair Hospital. The thoracic surgery section oversees the lung cancer screening program.
- An excellent office staff, plus a floor based Nurse Practitioner and an OR based certified nurse first assist.

### Minimum Qualifications

- Completion of an ACGME Thoracic Surgery Fellowship Program.
- Candidates must be board-certified or board-eligible.
- Ability to obtain Pennsylvania license
- Minimally invasive / robotic surgery skills in general thoracic surgery.
- New graduates are welcome to apply!

### Community Information

St. Clair Health's main campus is located in Mt. Lebanon, Pennsylvania, a vibrant community just a short drive from the dynamic city of Pittsburgh. The culture is Midwestern and housing costs are below average. Excellent primary, secondary, and higher education are plentiful within the region. Yes, this is the home of the Pittsburgh Steelers!

## **Faculty Description**

St. Clair Medical Group (SCMG) is an integrated multispecialty group that serves the primary, specialty, and hospital-based needs of patients throughout the communities served by St. Clair Health. SCMG is a growing multi-specialty group of more than 150 primary and specialty care physicians and advanced practice providers. St. Clair Health will start an internal medicine residency in July of 2025. It is also the main clinical teaching site for Duquesne University School of Medicine.

## **Mayo Clinic Care Network Member**

In 2016, St. Clair Health became a member of Mayo Clinic Care Network and is privileged to be the only healthcare system in the region that holds this designation.

This relationship is most useful to Thoracic Surgery by providing a weekly thoracic tumor board.

## **Compensation & Benefit**

St. Clair Health provides a comprehensive benefits package that includes medical, dental, vision and pharmacy benefits. Retirement plans, life insurance and a pension are all part of the package.
